Who we are?

Ability 1st Utah is a nonprofit organization that promotes independence and self-sufficiency for people with disabilities. We are committed to providing the tools to help people with disabilities become more independent and loan them equipment to help them break any barriers so that they can move freely in their homes and in the community.

How we can Help?

Through our Loan Bank and Assistive Technology Programs Ability 1st Utah can get the equipment that best meets the needs of our consumers.

David and Darleen Shelansky have been consumers with Ability 1st Utah since 2009. Darleen needed a modification to her vehicle to remove barriers to access. Ability 1st Utah provided her with a vehicle modification through our Assistive Technology funding. Darleen states: "Thank you Ability 1st Utah for giving me freedom."
